The 3<sup>rd</sup> Grade summer reading program requirement is **1 chapter book** on third grade level or higher. Must make at least 70% or higher on quizzes for it to count. I have given a list of books that have multiple series in them for more variety. **You must choose from this list.** If you are unable to test during the summer, **the first day of school will be the only day to test** that will count toward the Summer Reading Program. The second day of school will begin the new school year.
